Hon. Menachim Begin, Prime Minister
State of Israel
Jerusalem,
Israel.

Of course, I am not that naive as to believe that I am in a position (thousands of miles away) to advise you concerning foreign affairs.

However, as a Jew, as a Zionist, and as a former student of High School Hetzelia (Tel-Aviv-1913-14) I'd like (Yes, only would like) to make some observations concerning negotiations Palestinian Autonomy.

First of all, Jerusalem, as a place for those negotiations should never be abandoned.

No way, no way.

Not because it is our Holy City but also because it is the Capitol of the State of Israel.

There is NO place in the world to replace Jerusalem.

I doubt very much if Mubarak, President of Egypt, is sincere about Camp David Peace Agreement.

If he were he should say to himself "if Jerusalem was good enough for Anwar Sadat's visit for the sake of Peace, then it certainly should be good enough for Mubarak to negotiate Palestinian issue which is much lesser in importance than the Peace process initiated by Sadat".

The way Mubarak acts it seems he finds excuses not carry out the Camp David Agreement. This is only the first step in that direction.

I am sure that you are smart enough diplomatically to prevent him from finding other foolish excuses to get out from Camp David obligations.

Israel, for all the world to see, had carried out its obligations (regardless how difficult it was) under that Treaty. Now, let's see if Mubarak would carry his part as well.

As I said earlier in this letter, Prime Minister, my suggestion is ONLY a suggestion. You could take it for what it's worth.

There is another observation I'd like to make. If Argentina would (at the end) take over Falklands from Britain then how much greater claim Israel would have to take over Judea and Samaria, the territory which Jewish people had in their possession for centuries and centuries.

Wishing you the best of health, Prime Minister. Israel and the Jewish people the world over DO NEED YOU.

Sincerely,

Joseph Dubitzky

P.S.

Mr. Prime Minister,

On behalf of the International Federation of Journalists which represents 103,000 colleagues throughout the world and which has consultative status with the UN, the ILO and UNESCO I want to express our extreme concern at the infringements of press freedom in your country.

In the telegramme we sent you on March 8, 1982, on behalf of the IFJ Bureau, we asked the immediate liberation of three Palestinian journalists, Messrs. Mamoun SAYYED, Ahram HANIYEH and Bachir El BARGHOUTI, who are under house arrest since August 1980 and we expressed our strong wish that they be authorised to resume the exercise of their professional activity.

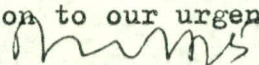

Since then, we have been informed by press reports about the arrest on March 30 by Israeli police forces who raided the premises of the daily "Al-Fajr" of 18 Palestinian journalists. Among them is the Director of that paper, Mr. Hanna Siniora. The dissemination of "Al-Fajr" and "Al-Shaab" has been prohibited in the occupied territories and their journalists have been submitted to censorship.

As an international professional organisation firmly dedicated to press freedom which includes the right of the public to diversified sources of information, we strongly protest against these facts.

On March 29, 1982, our Israeli affiliate also issued a strong protest against the numerous infringements of press freedom, one of the most important pillars of democracy, and against the efforts of the Israeli authorities to deprive the people of reliable information and we fully support their protest.

We express the hope that you will give full consideration to our urgent representation.

Yours sincerely,

Dr. Theo BOGAERTS

The Prime Minister's Office
Jerusalem, Israel

Dear Prime Minister Begin:

It is my privilege to submit to you an idea to assure peace between Israel and its Arab neighbors. In my opinion, peace cannot be obtained as long as the P.L.O. prevents Israel or the "moderate" Arabs from arriving at a peace agreement. Just out of fear of trained terrorists, no one will risk his life to come to an agreement. How is it possible then, to eliminate the P.L.O? Definitely not in this generation, where Arab children are brought up with hate, as I myself observed when I visited Hebron last year.

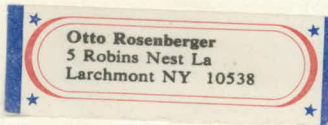

In my opinion, the Arabs not only want peace but need peace, as the Saudis very hesitantly showed the world through a defective peace plan. In order to show the Arabs that Israel is acting in good faith, Israel should offer COMPLETE AUTONOMY to part of the West Bank and Gaza within 25 years (to the next generation) PROVIDED the P.L.O., or any other terrorist group existing now or formed in the future, refrains from any terrorist attack against Israel OR ARAB STATES LEANING TOWARDS PEACE WITH ISRAEL. For any terrorist attack this deadline will be postponed for five additional years. If autonomy is postponed, it will not be liked by the Arabs involved. Sooner or later, they will stop bankrolling the terrorists and, whether they want it or not, terrorism as we know it might disappear. The Russians sooner or later will realize that their pet project in the Middle East will collapse, so they too will stop contributing to and training terrorists.

Respectfully yours,

Otto Rosenberger

Dear Sir,

In response to your letter of November 3 the Prime Minister has asked me to forward to you relevant sections of a recent address he delivered in the Knesset in which he made reference to the Saudi plan.

The Saudi Government has since announced officially that the plan does not, by interpretation or implication, embody recognition of the State of Israel.

Yours faithfully,

Dear Mr Begin:

I refer to your recent Knesset statement on the 'European-Sa'udi plan' for Palestinian autonomy, please see caption from the Denver Post dated 11/2/81 attached.

While I personally have the greatest respect and admiration for Israel and for what you have achieved, you are nevertheless Sir, dead wrong on this one.

I particularly take exception to your remark concerning Lord Carrington's "imperial autism"

With respect it is you, Sir, who is engaging in delusion and fantasy.

You seem to be in need of reminding that if the "imperialist" British had not withstood the Nazi evil in 1940 and '41, the world would have been a very different place today, devoid of Hebrew people, for Himmler and company with their Aushwitz's and Buchenwald/Belson's etc; would no doubt have carried through their "final solution" to totality.

Yours sincerely,

Paul Longrigg

"Lord Carrington may travel from one country to another and promise them that Europe will support the establishment of a Palestinian state," Begin said. "He has evidently forgotten, perhaps due to imperial autism, that without the consent of Israel, no agreement in the Middle East can arise."

October 15-1981

Dear Sir,

I have heard on the television news that you talked with former president Jimmy Carter and that you agreed to autonomy for the Palestinians living on the West Bank and elsewhere in Israel. I strongly ~~pro~~ protest and oppose that idea and move. The Arabs have no place in a Jewish State. All of Israel is to be inhabited by Jews only (unless the Arabs are willing to be slaves to the Jews). God gave Abram (Abraham) all the land "from the river of Egypt (the Nile) unto the great river, the river Euphrates". (GENESIS 15:18)

So, you, Israel has a long way to go to claim (I mean conquer or acquire through peaceful means (which is doubtful)) all the territory that rightfully belongs

to Israel. All Arabs must be driven from that territory just as the people who inhabited Canaan were driven out by God or by the Jews of that day. (In the days and after Abram (Abraham later). So you see (if you consult your Bible) Israel must conquer Jordan and Iraq and maybe some parts of Saudi Arabia in order to have all the territory that God gave to Abram (Abraham later). Also Egypt. My Bible (GOOD NEWS, TODAY'S ENGLISH VERSION) says: "from the border of Egypt" but apparently other Bibles say: "from the river of Egypt". I do not know which one is correct, but I favor the "river of Egypt" border not the future (1982) border of Egypt. Israel should have kept the Sinai Peninsula even if it was nothing but desert.

שלום רב!

הנדון: זכות בחירה לערביי ירושלים.

עמדתך המחייבת זכות בחירה לערביי מזרח י"ם בנושא האוטונומיה, מקבלת בעולם הרחב מימד מיוחד, בתוקף היותך מראשי מפלגת האופוזיציה וראש ממשלה בעבר, שבס"ה אינו "קטלא קניא".

לאור עובדה זו חשוב וראוי שדוקא אתה תנסח מחשבותיך בזהירות מיוחדת. עמדתך כבר החלישה ועוד תחליש את עמדת ישראל בטענתה היסודית עליה יש קונצנזוס לאומי, שעל י"ם אין על מה לדבר.

אני מכיר אותך ואת מחשבותיך, ולכן אני סמוך ובטוח שאין בכונתך לותר על י"ם. נהפוך הוא. טענת ואמרת שדוקא בגלל חוסנה של הבירה ומשום שאין שום חשש, יכולה ישראל להרשות לעצמה מחוה זה.

הדרך לגיהנום רצופה כידוע בכונות טובות. אינני בטוח שכמותך חושבים בעולם הרחב כולל ידידינו בארה"ב. הם סבורים בצדק מסוים, שעמדתך שנתן לה כיסוי נרחב - פירושה שלמרות הכל יש עדיין על מה לדבר בנושא י"ם.

לא במקרה תפשו טרמפ על עגלתך כל השמאלנים למינהם המוכנים לותר ויתורים מהותיים גם מעבר לי"ם. כולם נתלים באילן הגבוה המכונה יצחק רבין.

לאור האמור לעיל אבקשך לשקול שנית את עמדתך וגירסתך החיצונית. בסכומו של דבר פחות חשוב מה חושב יצחק רבין על ירושלים. הרבה יותר חשוב כיצד יפרשו את דבריך העולם הרחב והעולם הערבי בפרט.

Dear Mr.President,

Handwritten in a circle: 4/10, 12.2.82

Mr.Z.Hammer, Minister of Education, suggested that I send you some brief information about the activities of IP80.

We are an Israeli foundation set up two years ago, on the initiative of Christian businessmen, who were concerned about the lack of knowledge among Christians about the possibilities Israel's industry has for export.

The main stream of Israeli export goes via Jewish importers to Jewish shops to reach Jewish consumers all over the world. Christians who love Israel are hardly aware of the excellent products Israel has available for export.

The only possibility for Israel to survive in the economic struggle is to double the export in three years.

This is possible if new channels are found. That is what we try. We contact Christian businessmen who have a zeal for Israel and we inform them about the possibilities Israeli products have for them. We get excellent support from Mr. Rami Gutt of the Israel Export Institute.

One of the members of IP80, "Israel Product Centre Ltd" organises family meetings where they present Israel products and create in this way a demand for them in the shops.

During these house meetings they give a talk about Israel based on the T E N A C H .

The men and women who do this (about 160) are well trained and able to answer a wide variety of questions e.g. regarding Judea and Samaria and presently about the Golan.

Weekly they meet about 2000 Christian families in their homes in Holland, England and Norway.

It is an excellent way of promoting the existence and policy of the State of Israel. The main economic aspect of our organisation is to influence Christian businessmen, so that they will buy as much as possible in Israel.

We make it always very clear that they should only buy Israeli products if they are competitive.

By experience we know that this is often the case, although it becomes more and more difficult.

We emphasize always that Israel needs the support of our Christian business friends in a commercial way.

So we try to stay far away from charity. Not that this is not right in general, but in an economic war against Jews in general and Israel especially, Israel needs commercial support in the first place and that is what we give.

Starting in April we will try to interest Christian businessmen to invest in industrial activities in Judea and Samaria.

By experience we know that He keeps His promises.
We pray for you and the people of Israel.
