Dear Prime Minister:

Like Ben-Curion and Golda Meir, you are a nation builder by acting favorably for a peaceful coexistence between two bitter enemies, despite fanatics on both side. Understanding can do miracles, and to recognize that one day Israel would have to trade back territory for peace is the first step toward peace. Furthermore, the best way to achieve that his to learn how to live together, for better or for worst.

I believe, you made a tremendous contribution to peace and democracy. Peoples will never forget the democrat and peacemaker you are.

I am astonished that sixteen months, from when you came into power in June 92 to the Declaration on Autonomy of Occupied Territories in September 93, can indeed make such a difference; How one single man, can change the face of the world to make it more livable. Your are an admirable politician who does not back off when a problem or situation gets tough. That is the simplest way to say it.

Good chance Sir, and may God bless you and your family. Please, accept my apologies for invading your privacy and thank you for your time and consideration; A written reply from you would be an honor.

Dear Mr. Bayot,

Thank you for your letter expressing your support for the peace process.

Peace is not the enterprise of just one person - it is the achievement of many. Our efforts to realize our dream of living in peace is our inheritance to our children, both Palestinian and Israeli.

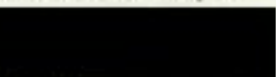

I am hopeful that with continued cooperation and dialogue, our two peoples can overcome the obstacles placed by those who oppose co-existence, and can work together to harvest the fruits of peace.

Thank you again for your support and words of encouragement.

Excmo. Sr. Primer Ministro:

Ante todo ruego disculpe mi atrevimiento al escribirle esta breve carta. Espero también me sepa perdonar por las posibles molestias y pérdida de tiempo que le pueda ocasionar.

El principal motivo que me lleva a dirigirme a usted es para pedirle por favor su autógrafo en calidad de Primer Ministro de Israel.

Sería causa de gran satisfacción y a la vez un gran honor que diera su consentimiento a esta petición que me atrevo a solicitarle por tercera vez, ya que no he tenido la gran suerte de recibir contestación suya.

Ruego que vea en mi súplica un homenaje a su ilustre persona y a su gran trabajo para conseguir la paz en el Medio Oriente.

En España seguimos con gran interés sus grandes esfuerzos para que haya un diálogo entre todos los pueblos de su entorno.

Estamos muy satisfechos del acuerdo histórico que han conseguido con el pueblo palestino.

Quisiera aprovechar esta ocasión para expresarle una vez más mi respeto, aprecio y admiración hacia su noble persona y hacia su importantísimo cargo que usted tan dignamente representa y ejerce.

Rogando otra vez me sepa disculpar por la libertad que me he tomado al dirigirme a usted, Sr. primer Ministro, se despide muy respetuosamente

**Dear
Sir,**

I bow my head into your
virtuous lotus feet with earnest respected regards
And then proceed my little pen ahead.....

Sir, we salute you for your brave & bold
step in signing the "Peace Accord" with P.L.O in
presence of the highest dignitaries including
the U.S. President **Mr. Bill Clinton**. And the whole
world thank you with profound gratitude for your
endeavoured efforts in creating a climate towards
pragmatic atmosphere for the sake of peace in the
holy land.

Sir, down the decades I had the highest possible
respects and regards to **Mr. Ambedkar** for his non-violent

P.T.O

And peaceful struggle in getting a piece of land to his fellow palestinians with an Autonomous of their own self rule and administration which they called and every one around the world were proud about this
But unfortunately and unexpectedly after this peace Accord took place our beloved **Mr. Arafat** has pronounced that **Jerusalem** will be their **Capital** for their self rule of **P.L.O** and since I heard this I am deeply disturbed and confused about **Mr. Arafat's** uncanny, callous attitude with a sudden change of colour with time to time

Sir, "No power on earth can grab the holy Place Jerusalem from Israel" and for that matter they can't even able to touch the very shade of the holy place - **the City of David** - If anybody try to venture this even by mistake they will have the repercussion and India will always stands by towards Israel's legal, historical and peaceful decisions and solutions for the sake of peaceful **Co-existence** - though surrounded by the most fanatic, fundamentalist, folk around with a suffocating atmosphere for the past **5 thousand years**.

And of course Jews survived by God's grace.

Sir, The Countries which they talk much about **P.L.O's** and for its autonomous self ruling piece of land - Are not in position to give a piece of land to their own Muslim brethren **Mr. Arafat** in their countries respectively and they only want to talk much about the **50** persons death in **Hebron Massacre**. (Of course everybody denounces the violent atrocities anywhere in the world) But none of these people talk anything about the Mass Murder of **5 Million Jews** were slaughtered ruthlessly by **Nazi Regime** during **IInd** world war

Sir, I want to whisper one word if you don't misunderstand - Please give a piece of land to **P.L.O** in any of the corner of Israel like - **Gaza Strip** or Near **Golden Heights** or some where near Lebanon border, but not in every corner of Israel nor in **West Bank** and you should clearly tell them that - No **Jerusalem**, and nothing doing, if they bring pressure then the **Peace Accord** may become no meaning and it will be never implemented, **Sir**. So we think in certain angle why the former Premier **Mr. Shas** was so strict, strong and

P.T.O

Obstinate in his feelings and in his
Administration may seems to be correct
with his strictures.

Sir, all The Jews are always ready to pronounce
all over The world about their Muslim brotherhood
as their cousin brothers - at the same time is
all the Muslims are they ready to pronounce
the Jews as their cousin brothers ? chances
be grim about this feeling and opinion

Sir, If you find any error's above in my
Eloquent, erudite little letter with unsounding words
to your virtuous mind - please forgive me Sir, and
I beg your pardon for the same.
Thanking you Sir,

Yours
Respectfully
B. H. Gopinath.

Dear President Labin:

I received a very nice letter from you some months ago after I had sent you a letter wishing the Peace Agreement that you had signed with Mr. Arafat in Washington, D.C. to be a success.

I didn't take care of the letter as I should have and it was thrown out. Because your letter is important to me, could you please send me a copy of it.

Respectfully,

CONGRATULATIONS!

and

Your reaching of an accord with Yassin Arafat and the Palestinian Liberation Organization is an historic act of Statesmanship. You will be long remembered in history for this reaching out for peace.

Up to now, I have had an uncomfortable feeling toward Israel because of the Palestinian situation. There was no clear future for these people. Up until now, what could a Palestinian child aspire to? My son and daughters can aspire to be President of the United States. What could a Palestinian child dream of? Now I see a new beginning and hope for a brighter future.

Dear President Yitzhak Rabin, and

Congratulations on your agreement with the P.L.O. It has been a time of much suffering for you both in these Troubled Times, but we are brothers under the skin as God would have none to perish.

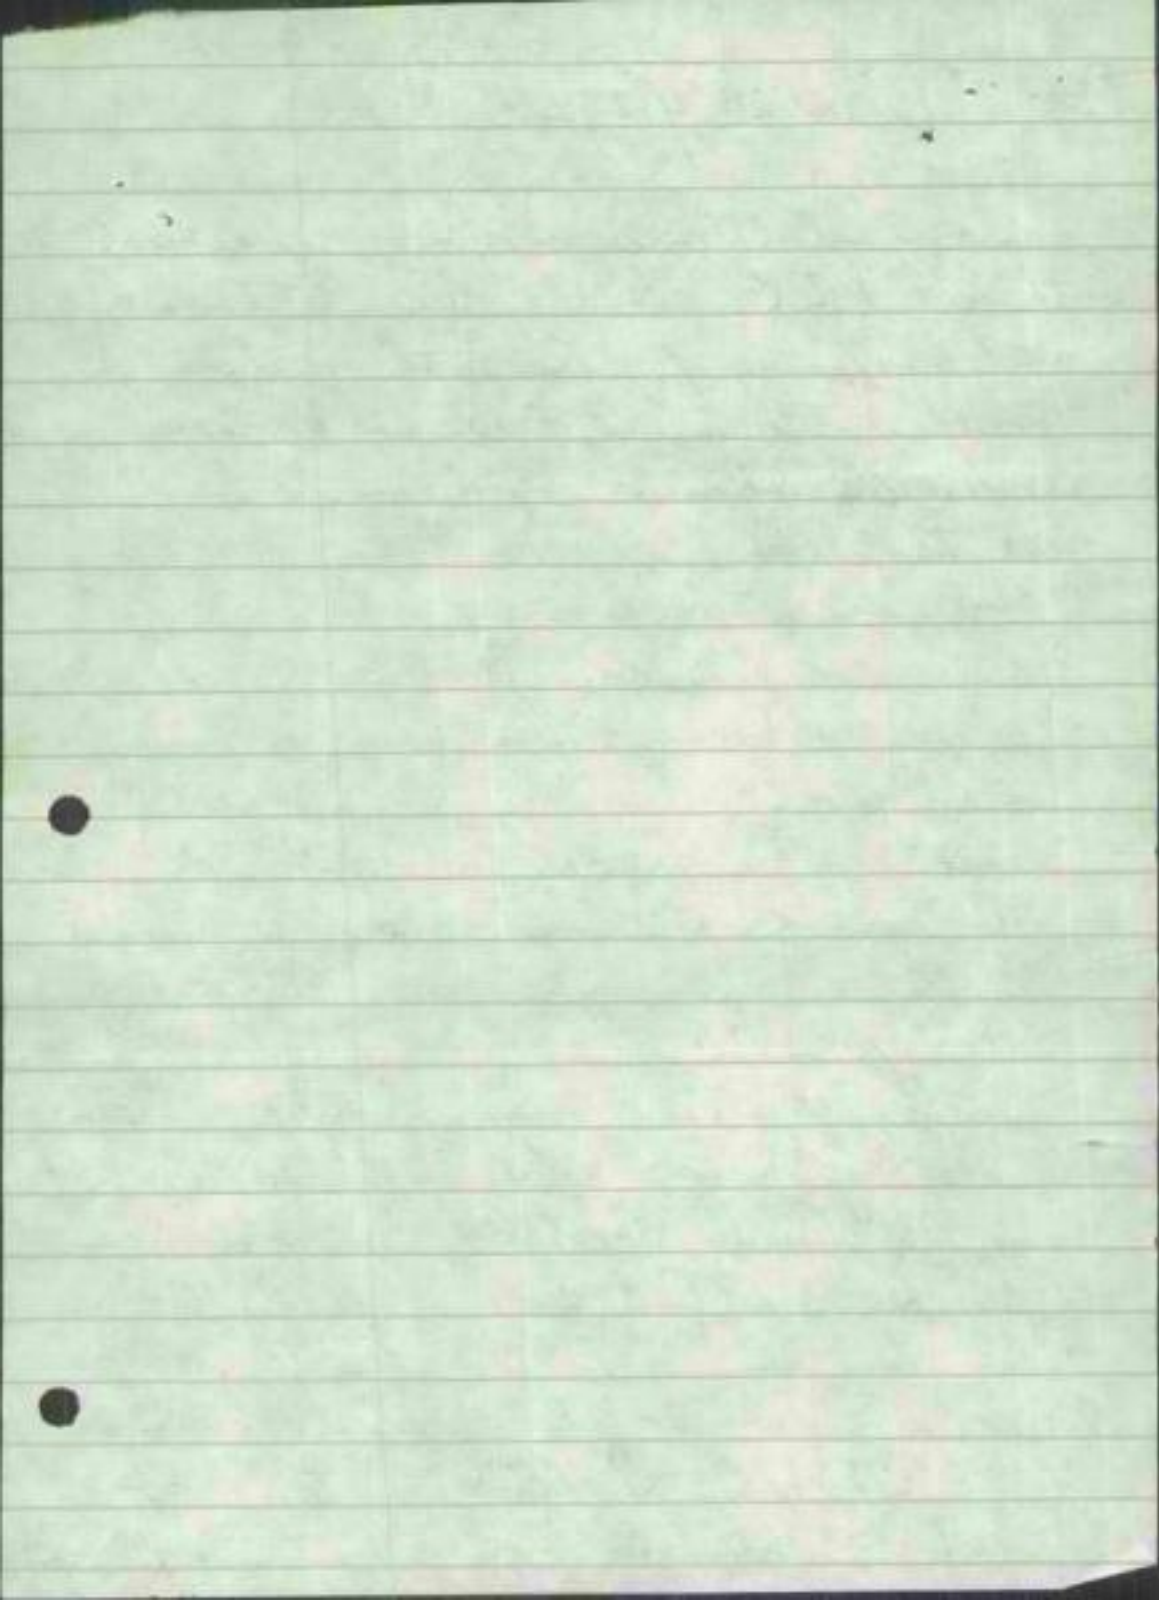

9-14-93

You made the whole show go to Yasser Arafat today, or so it seemed to me. It was a great day for him.

God gives us mercy toward one another when we are in need.

You have done a great deed to your brother. We hope you will not be disappointed.

The other day I saw Isaac Stern (Violinist) playing on the street in New York City. He played a short selection and then left. He is a fine violinist although I've never seen him in person. Nathan Milstein came to play for us veterans at the Veterans Hospital one time. I forget the selections he played but they were

wonderful. I have Fritz Kreisler's numbers
David and Igor Oistrakh records and
the Hora Stacatto by Jascha Heifetz
These are very fine artists.

We are all members one of another, what
we say and do for our brothers in Christ
Jesus we will be rewarded in heaven.
He says if we do not deny him he will
not deny us to his Father in heaven.
I do not know what beliefs you
hold to or what beliefs Yasser
Arafat holds to but as you said,
Enough is enough.

Tract No. 82

After Death, What?

Read On, And Know For Sure.

How many times have you looked at the face of a dead person, lying in their casket and heard the following statements? "He or she sure has suffered and is better off now." "He or she is at peace, never to suffer anymore."

Dear reader of this tract, these are correct statements if, that dead person had accepted Christ as their Lord and Saviour and been born again. Paul said of a Christian in 2 Corinthians 5:6-8 "Therefore we are always confident, knowing that, whilst we are at home in the body, we are absent from the Lord: (For we walk by faith, not by sight;) We are confident, I say, and willing rather to be absent from the body, and to be present with the Lord." If that person died in a lost spiritual condition, their troubles have just begun. The second that soul leaves the body of a lost person, it goes directly to hell to burn for ever and ever. "Where their worm dieth not, and the fire is not quenched." Mark 9:44. "The wicked shall be turned into hell, and all the nations that forget God." Psalms 9:17. Hear the voice of the rich man crying out from hell, "And it came to pass, that the beggar died, and was carried by the angels into Abraham's bosom: the rich man also died, and was buried; And in hell he lift up his eyes, being in torments, and seeth Abraham afar off, and Lazarus in his bosom. And he cried and said, Father Abraham, have mercy on me, and send Lazarus, that he may dip the tip of his finger in water, and cool my tongue; for I am tormented in this flame." Luke 16:22-24.

Possibly someone looked at the face of this rich man, as he was prepared for burial and said how he was at peace, never to suffer anymore. How wrong their statement was. As they were saying beautiful words over his body, his soul was screaming from the pits of hell. Suffering does not

end at death for a lost person. Ten million years into eternity and they are still burning. If you are spiritually lost and die in that condition, then you too will be doomed to a burning hell.

You might ask, what must I do to escape this torment in hell? The answer is the same one that Jesus gave to Nicodemus. "Jesus answered and said unto him, Verily, verily, I say unto thee, Except a man be born again, he cannot see the kingdom of God." John 3:3. As you were born physically, you must be born spiritually to reach the portals of heaven. "Jesus saith unto him, I am the way, the truth, and the life: no man cometh unto the Father but by me." John 14:6.

You are not promised another day on this earth. Tomorrow might be too late. Now is the time to do something about your lost condition. "(For he saith, I have heard thee in a time accepted, and in the day of salvation have I succoured thee: behold, now is the accepted time; behold, now is the day of salvation.)" 2 Corinthians 6:2.

While there is life in your body, won't you right now repent of your sins and call upon Jesus Christ to come into your heart and save your soul? "For whosoever shall call upon the name of the Lord shall be saved." Romans 10:13. "But as many as received him, to them gave he power to become the sons of God, even to them that believe on his name:" John 1:12.

The decision is yours. Where will your soul be while they are preaching your funeral?

Dear Mr. President,
Dear Prime Minister,
Dear Chairman,

INSEAD represents a community of close to 500 students from more than 40 different countries of origin. Many of us watched the signing ceremony on the South Lawn of the White House. Your courage to take a first bold step towards peace in the Middle East impressed all of us very much and serves as a symbol of future hope. In these times of dramatic changes, your personal courage and leadership serve as a guiding example to the young people of our times and to other leaders who seek peace.

Now that the accord has been signed and former adversaries have shaken hands, it is time to implement practical measures to gain a lasting peace. This new epoch will demand sacrifice and even more determination by all parties involved. The entire student body of INSEAD would like to wish you strength, resilience and determination to continue on the road to peace.

With great respect, we would like to wish you good luck in your efforts for peace in the region.

Peace, Shalom, Salam

Dear Prime Minister Rabin,

I wanted to write because I'm really not one for writing letters, but this time I felt I just had to.

We saw you on television, on the White House lawn, with our President Clinton and all the dignitaries. We heard your superb and awe inspiring speech - so honest, so open, emotional. It touched our hearts and moved us deeply. Each word was a gem of truth, of faith, hope, and conviction.

May it please God to hear your honest, straight forward words and grant peace to Israel. Peace - so long awaited and yearned for.

May the Lord bless and grant your heart's desire, dear Prime Minister Rabin, and the desire of all peace loving peoples.

Dear Mr. Moutoux,

Thank you for your recent letter. Your message of support for the Declaration of Principles and the Agreement of Mutual Recognition, signed between Israel and the Palestinians is truly appreciated.

Israel has taken considerable risks upon itself in order to create an opportunity for peace and to put an end to violence and war. It is our wish to open a new chapter in the history of the Middle East - a chapter of mutual recognition, good neighborliness, mutual respect and understanding. We hope we have begun a new era in relations between peoples everywhere.

From Jerusalem, the eternal capital of Israel and the Jewish people, in the language of the Bible, we say, "Peace, peace to him who is afar and to him who is near".

Sincerely yours,

Y. Rabin

Dear Prime Minister Rabin:

I am writing to express my gratitude for the courageous leadership you have shown that resulted in the signing of the Declaration of Principles.

As an American with a long term interest in seeing peace come to the middle east, I am very encouraged by this historic step. You can count on my support as you move further along the peace process and ultimately reach an accord with all your Arab neighbors.

Sincerely,

Thomas J. Moutoux

Dear Prime Minister Rabin:

The exact day you first shook hands with Yasser Arafat will go down in history not only of this world but of the Universe. You did good. Blessed are the peacemakers said Jesus. Well done.

In the name of Wonderful, Counsellor, The Mighty God, The Everlasting Father, The Prince of peace, I bless you in Zion.

Let not the Likud party think to themselves that when they return to power they will renege on these agreements and take back the land. They would violate the conditions of Micah 6:9. If they should forcibly take back the Palestinian lands, they would remove the bound, and the wrath of the Lord would be poured out on them like water. Hosea 5:10 and context. The exact time this prophecy will be fulfilled is unclear, for it is not an unconditional prophecy. It is a conditional prophecy. Fear not. It is not necessary to take any territory by force. God is about to give you a nation that covers the territory of Israel and Lebanon. Ezekiel 47:13-21. It will be the seat of universal empire, not of this world only, but of the Universe. You are called to meet your Maker and ask of Him what you will. Only study diligently the prophecies of the coming Messiah and the setting up of His kingdom. You are part of it. Be it soon.

Love,

Gordon Ziegler

Mr. Poincaré,

Your great self deserve to be showered every honor as a history making Hero, who paid the best contribution to make the peace dream possible to bring the children of Abraham closer as we're cousins already.

Your Excellency, Being a muslim, I always had strong belief in peace, and being a student of politics, I always believed that your great and kind self is the most capable person from Israel who would work as a "Talisman" to direct the world towards the truth of peace and coexistence.

God bless you, with best regards,
Yours Faithfully,

Dear Prime Minister Rabin,

The peace accord which was signed September 13 brought tears of joy to our eyes. The handshake between you and Chairman Arafat symbolizes the chance for peace. It was not just two people touching each other's hands; it was a significant new beginning - a new possibility which the world has long been wishing and hoping for.

This new possibility, begun by two former enemies who are searching for a compromise, inspires all of us to work together for a better world. It has already inspired me and my husband and many of our friends and family.

Thank you for taking this step forward and giving us new hope.

Sincerely yours,

William Burton
