אדוני,

תחרות "מיס יוניברס" עומדת להתקיים בישראל במאי 1988, והיא תשולב בחגיגות הארבעים למדינה. זוהי תחרות בינלאומית הזוכה לפופולאריות רבה ברחבי העולם. היא תשודר ישירות מישראל ויצפו בשידור כ-800,000,000 צופים.

תהא זו פעם ראשונה שארוע מסוג זה מתקיים בישראל ויש לכך חשיבות עצומה מבחינת שמה של ישראל בעולם וכמכשיר לעידוד התיירות לישראל. תחרות "מיס יוניברס" מהווה ארוע מכובד. אישים מרכזיים, באומנות, בכלכלה ובפוליטיקה מגיעים דרך קבע להשתתף בארוע. את הארוע תפיק בישראל חברה "רושיר בע"מ" בתיאום עם משרדי הממשלה הנוגעים בדבר ונשאף לשלבה, כאמור, בארועי חגיגות ה-40 למדינה.

בשבוע הראשון של ינואר 87 יגיעו לישראל ראשי חברת "מיס יוניברס" מארה"ב.

אני תקווה שכב' ראש הממשלה יסכים לקבל את חברי המשלחת לשיחה קצרה במועד שיסוכם עם לשכתו.

בברכה,
רושיר טרייד בע"מ

Dear Dr. Sutton,

The Prime Minister has directed me to thank you for your letter of December 1. He was pleased to read of your visit to Israel, and appreciates your warm sentiments for our people and our country. Mr. Shamir is encouraged by your comments and your prayers.

The Prime Minister's schedule has been very crowded from the day he returned to office. Hopefully things will be somewhat easier when you next visit the country in June, 1987. I understand that you are in close contact with my colleague, Harry Hurwitz, and am sure that something suitable will be worked out between you if the Prime Minister's schedule permits.

With good wishes,

Sincerely,

Tzahi Hanegbi

Prime Minister Yitzhak Shamir
Office of the Prime Minister
Jerusalem
ISRAEL

Dear Prime Minister Shamir,

It was again my pleasure to visit the land of Israel. I have experienced that good fortune for many years and every visit equals or betters the previous one.

I am sorry our busy schedules did not permit the opportunity to sit together and discuss my very favorite subject - Israel.

Our group consisted of more than 200 people and it was that group that had come for a conference concerning prayer for peace. The group that flew in via Amman, Jordan also participated in the "Hands across the Allenby Bridge" event. I am pleased to tell you that Mr. Peter Jennings of ABC News covered the event for American viewing.

I look forward to a return trip in June of 1987 to join in the celebration of the 20th anniversary of a united Jerusalem.

I congratulate you on your return to the Prime Minister's office and your dedicated leadership for the state of Israel. My present observation leads me to believe that the united government has worked quite well and you and Shimon Peres are to be commended.

Until my return, please know that the constituents of our organization spread across these United States are continuing to pray for you, Israel and the peace of Jerusalem.

Yours truly,

Dr. Hilton Sutton

Excellency:

I am pleased to inform you that we are, in close cooperation with UNICEF, assembling a collection of doodles, sketches, drawings, etc. by prominent people like yourself. We will have this collection published in book form in the near future.

I have enclosed a partial list of our contributors to date for your perusal. We are pleased with the response we have received to date. However, as UNICEF is a world body, we are seeking as diverse and international a portfolio as possible.

We do not necessarily seek artistic excellence, but merely some leisurely doodling or sketchwork. (Many do theirs during telephone conversations.) As such, we leave the choice of subject(s), style, and size up to you. Either newly-drawn or existing work will do. We will publish each selected piece without commentary, save the creator's name and profession.

We will need you to sign and date the letter of release which I have enclosed. This will enable us to have the drawing published with your permission, and in accordance with copyright procedures. Please enclose this letter with your work.

A few minutes of sketching can directly benefit many needy people. We thank you for your kind consideration, and hope to hear from you soon.

Sincerely,

Peter K. Jensen

Dear Sargent Shriver,

I am writing on behalf of the Prime Minister, Mr. Yitzhak Shamir, to acknowledge your communication of November 5, which he read with interest.

Before Mr. Shamir responds to your invitation to become a patron of the 1986 Special Olympic Games, we would like to know which other heads of governments have been invited, and have already become patrons of the significant occasion.

As soon as we get your response we shall be able to let you have the Prime Minister's decision in the matter.

I served at your Embassy in Washington until 1983, and remember the visit of the Israel Team that participated in the Special Olympics. I think that you accompanied them to our Embassy at the time. I am therefore very conscious of the great significance of the event that you organise.

We wish you great success.

Dear Mr. Prime Minister:

I have the honor of inviting you to become an Honorary Patron of the 1987 International Summer Special Olympics Games scheduled to take place from July 31st - August 8th at the University of Notre Dame and Saint Mary's College, both of which are located in South Bend, Indiana, U.S.A. Five thousand athletes, including 6 from Israel, will participate in these Games. They will be the largest sports event ever held on the campus of a university in the United States. They will be, moreover, the largest such event ever held for handicapped people in world history.

In 1983, these International Summer Special Olympics Games were publicly endorsed by the Heads of State in Belgium, Canada, Chile, France, Italy, the United States, and many other countries. This year, we hope to have a similarly distinguished group as "Honorary Patrons". You will do us a great honor by serving in this capacity in 1987.

May I add, further, that you would be most welcomed if you could attend the Opening Ceremonies or any events during the course of these International Summer Special Olympics Games. Without overstating the case, I can assure you that you will find attendance at these Games unforgettable. I can affirm this fact to you because many world leaders have told me about the impact of these Games on them. Pope John Paul II, President Reagan, Queen Noor of Jordan, Fidel Castro of Cuba, Lady Youde of Hong Kong, Deng Pufang of China, and many others

have given extraordinary testimonials about their experiences at Special Olympics. I hope you might be able to attend the Games and enjoy the same kind of experience yourself.

What is so special about these Games?

- . They will unite athletes from 65 nations in a spirit of universal peace and friendship. Athletes from Israel and Jordan, Turkey and Greece, Northern and Southern Ireland will meet on the playing field to compete together, not just as individuals against one another.
- . "Stars" from sports, entertainment, business, and politics will march with Special Olympics delegations in the colorful Parade of Athletes.
- . John Williams, conductor of the Boston Pops and the musical genius who composed the theme for the 1984 Olympics and such films as "Superman" and "E.T.", will conduct the first performance of this new and original composition, the "Special Olympics March".
- . ABC television -- the network of the Olympics and other sports extravaganzas -- will present a live, prime-time, two hour television special on the Opening Ceremonies of the Games.
- . Olympic athletes, like Bart Conner, Sebastian Coe and Rod Dixon will roll up their sleeves to provide training clinics to sharpen the skills of our Special Olympians.

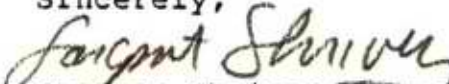

As you may know, Special Olympics was founded by my wife, Eunice Kennedy Shriver, as a backyard day camp only 20 years ago. Today, Special Olympics is the world's largest program of sports training and athletic competition for children and adults with mental retardation. Over one million athletes participate, year-round in the United States and 65 other countries.

Through the support of everyday citizens -- students and educators, parents and siblings, athletes and coaches -- more than 500,000 volunteers run Special Olympics programs.

Indeed, with an innocence that disarms the belligerent, and a sincerity that pacifies the malevolent, Special Olympians, it is said, are uniting the world.

For a few days, we invite you to be a part of this extraordinary celebration. Please join us as an "Honorary Patron", and if you can possibly do so, come to Indiana next summer to salute these courageous athletes from your country and 64 others.

Sincerely,

Sargent Shriver
President

Dear Mr. Prime Minister:

Congratulations on assuming the responsibilities of the office of prime minister. You and your government have my best wishes in your continuing efforts for peace, security and prosperity.

Since September, I have served as Chairman of the National Democratic Institute for International Affairs (NDI). Funded in large part by the U.S. Congress through the National Endowment for Democracy, our Institute conducts political development programs overseas. While this exciting work is new to the United States, NDI has already made significant contributions. We received bipartisan acclaim earlier this year for organizing, along with our Republican counterparts, the international observer delegation to the Philippine election.

Last July, an NDI survey team visited Israel to organize a conference that would examine Israeli democracy. The conference will be the first stage of an NDI study on successful democracies in regions of crises.

Although the media have given much publicity to extremist elements in Israeli society, the fact remains that democracy has flourished despite external threats and internal pressures. There is a remarkable story to be told.

The three-day conference would bring together a bipartisan group of American and Israeli legislators, as well as journalists and academicians, to examine those institutions and practices that have helped maintain and strengthen Israeli democracy. We believe the Israeli experience can be a useful learning tool for leaders of emerging democracies who are building or rebuilding the machinery of democratic government.

conducting nonpartisan international programs to help maintain and strengthen democratic institutions

NDI found great enthusiasm for the project during its visit to Israel and plans to convene the conference from January 8-10 at the Moriah Hotel in the Dead Sea area. I hope to be a part of the American delegation and hope that you would agree to address the conference participants.

I hope to see you in January and look forward to hearing from you.

With warmest regards.

Sincerely,

Walter R Mondale

Dear Prime Minister;

Columbus, Ohio., the twentieth largest city in the United States and still growing. The State capitol of Ohio and the heartland of middle America, is just one of it's many splendid assests to any newcomer or visitor. It is a close knit community which has involvement in high educational standards and cultural experiences. People care about the world and it's people and what the future has in store. It's for that reason, that I'm writing you.

We have two talented young artists who were truly sent from heaven with explosive, rare talent in dance and singing. What's so unique about them? They want to perform free concerts for the children of the world. We asked them to make a list of the countries they would like to perform in, and they both wanted to perform for your country. They have already been invited to ten countries so far. They wanted to share their own talents and interests with your country. Here are the two:

Tammy Roberson, is a nineteen year-old Brooke Sheild look alike. She has more talent than any woman her age. Besides singing, acting and dancing, she loves to swim. Rheamaine Emmerson is a younger version of Ben Vereen, can dance like a bird and sing like a god from the heavens. He's seems to hypnotise adults and children with his dances and songs like the Pied Piper of Hamelin. He loves horses and plays soccer.

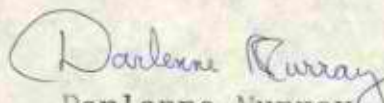

They know that the people of Israel are very musical too,

820 (1-2) - 3-11-1938

820 (1-2)

and also fond of singing and dancing. In these two we have our very own goodwill ambassadors. But the most important part about these two, one's black and the other is white. These two have broken the racial barrier in the name of peace. They would dearly love to spend some time in your country, giving children and teens free music concerts, visiting famous historic places and meeting people. But most of all perform for the children of Israel. If the answer is yes, we will send these two to Israel in 1987, to perform for peace and goodwill. You will enjoy and love them as we do. As they carry the International Message of Peace and Feed the Children of the World with them. Let's not wait for every four years, let's act now, thru music and peace. Come on give Children Against Hungury World Music Tour '87 a try.

Yours Truly,
